

Location: Gaucín, MÁLAGA

Plot m2 : 28800

FEATURES:

TWO BEAUTIFUL PLOTS WITH SUPERB VIEWS, CLOSE TO VILLAGE - LOTS OF POTENTIAL

Just to the south of Gaucin, these two adjacent plots of agricultural land (approx 7 acres in total) are in a beautiful picturesque location with easy access from the main road. Only a few minutes walk from the village, the plots are secluded and tranquil with spectacular views to the Mediterranean, Gibraltar and Rif mountains of North Africa.

The plots have previously been used for agricultural purposes and for grazing livestock. They have been occupied by horses and are suitable for Equestrian use. The land also contains some existing outbuildings in need of renovation, which could be used as stables etc.

The land includes some fairly flat large areas for horses, and there is a variety of indigenous trees & shrubs, including olive and almond.

As the plots are close to Gaucin, the property also has the advantage of being connected to MAINS WATER, as well as having a natural spring!

It may be possible to develop some of the existing outbuildings for commercial use, such as a tourism or an agricultural related business (subject to planning permission).
